## BELIEF

With no backyards but access to beaches and idyllic doses of salt and sun, our business story began with the adventures of three boys. Laguna Beach's creative culture and natural environment shaped our professional and aesthetic ideals. Looking back it's now clear that our childhood projects and experiments grew into our best adventure yet: building Cerno.

## THE BEGINNING

*Cerno founders, 1998. Left to right:  
Nick Sheridan, Dan Wacholder, Bret Englander.*

Our drive and influences come from many different sources. One source that influenced all of us is Daniel's late grandfather, Steve. Steve grew up on a remote homestead where the existence of most objects depended on people's ability to create and fix them. For all of his 101 years, he embodied the saying "where there's a will, there's a way." On the California coast we were raised with this mentality and today we share it with the rest of the Cerno team.

## CERNO

- Verb (Latin)

1. To resolve, distinguish, decide, sift, determine, to perceive.

# Table of Contents

## OUR TEAM

Each finished product is a celebration of the inventive minds and industrious hands that brought it to life. Dreams do not manifest themselves; skilled people bring dreams to life. The passion of our steadily growing team and their commitment to the product is inspiring. We are grateful for every individual that is part of our collaborative creative process.

Fons Family

Valeo

Silva Giant

Silva Floor

Forma

Altus

**Fons 8 / Fons 10**  
floor

Dimensions: 25" Ø shade, 7'-4"  
 Materials: solid wood, metal, linen shade  
 Product weight: 65 lb  
 Light source: medium base E26 socket  
 Lamping: E26 base, type A lamp, 60 W max  
 Input voltage: 120 V AC max  
 Includes 6'-0" clear silver cord with inline foot switch 24" from base  
 Bottom diffuser included (CM-051)  
 Wood grain will vary  
 Specifications subject to change

Included dimmable LED A19 bulb  
 Light output: 800 Lumens (source)  
 Light color: 2700 K  
 Color accuracy: 90+  
 Power usage: 11 W

**MATERIAL & FINISH OPTIONS**

**Includes**  
 stainless steel tension cable (CM-053)  
 black powder coated steel base (CM-049)  
 frosted polymer diffuser (CM-051)

Alternate voltage/plug styles are available

**ARM LENGTH**  
 Available in 10'-8" and 8'-4" arm lengths  
 Arm length is from back of base to center of shade  
 Arm lengths are not adjustable

**SHADE HEIGHT**  
 Shade height (floor to bottom edge of shade) can be adjusted between 6'-2" maximum and 3'-9" minimum.

*The goal with the Fons was to minimize the structure and visual massing of the fixture while maximizing the reach or cantilever. The delicate boom arm, upheld by a tension cable, gently bends while reaching out to almost horizontal where it suspends the light. The structural design is an extremely effective way to resolve the forces associated with such a long reach. It is so effective and efficient that it seems to float with a weightlessness at the tip.*

Nick Sheridan  
 Designer

**Valeo**  
floor

Dimensions: 8'1" H max, 25" Ø shade  
 Materials: solid wood, metal, linen shade  
 Product weight: 95 lb  
 Light source: medium base E26 socket  
 Lamping: E26 base, type A lamp, 60 W max  
 Input voltage: 120 V AC max  
 Includes 72" clear silver cord with inline foot switch 24" from base  
 Bottom diffuser included (CM-051)  
 Wood grain will vary  
 Specifications subject to change

Included dimmable LED A19 bulb  
 Light output: 800 Lumens (source)  
 Light color: 2700 K  
 Color accuracy: 90+ CRI  
 Power usage: 11 W

**MATERIAL & FINISH OPTIONS**

**Includes**  
 black powder coated steel base (CM-049)  
 frosted polymer diffuser (CM-051)

Alternate voltage/plug styles are available

*When reaching such a distance with a fixture, it is important that it feels visually efficient in its form but is still far from fragile, inviting one to linger under it. The adjustability in the reach and the height of the shade make it possible to custom fit the piece to its surroundings - an important characteristic for such a large piece.*

Nick Sheridan  
 Designer

**ARM LENGTH**  
 Arm length (from back of base to center of shade) can be adjusted between 9'-6" maximum and 6'-6" minimum.

**SHADE HEIGHT**  
 Shade height (floor to bottom edge of shade) can be adjusted between 6'-7" maximum and 3'-11" minimum.

Efficiency and simplicity guided the design process for the Nauta table lamp. We designed the Forma several years ago with Frank Carfaro of Desiron, which profoundly influenced the Nauta's form. Our goal was to distill the Forma design without compromising it. The Nauta is clean, modern, and priced competitively.

Nick Sheridan  
Designer

Silva Floor, walnut body, ebony eco veneer shade

Silva Floor, walnut, beech wood veneer shade  
Silva Floor, walnut, white linen shade

The Silva Floor is slender, elegant, and poised while delivering great functionality. The tri-leg base finds stability on uneven surfaces and allows the cord to exit discreetly and effectively. It feels signature and iconic while still keeping a clean and timeless modern aesthetic.

maple (CM-005) burlap (CM-017) white linen (CM-016) black amaretto (CM-018)

Frank Carfaro and I worked to design a piece that embraced both Cerno and Desiron's aesthetic, without deviating too much from either brand's design language. I am really pleased with the fluidity, posture and scale we achieved with the Forma.

Nick Sheridan  
Co-Designer

Silva Giant, brushed aluminum, walnut body, white linen shade

*The Silva Giant, as the name suggests, is a giant version of our Silva table fixture. Its scale gives it a strong presence even in very large spaces, while its distilled form gives it a simplicity that can be seen from across the room. A fun piece with a huge personality.*

Nick Sheridan

*Bret, Dan and I have always loved the ocean and boats. In fact, the first project we built together as young boys was a sailboat. Our appreciation for the beauty of a well-designed craft is what initially inspired the Lenis fixture; the form is created by bending wood stringers over a series of bulkheads. The organic and sculptural structure deviates from our mostly rectilinear forms, which introduced many new challenges, yet it also breathed new life into the design process for us. Ultimately, we were searching for that balance between the curved fluidity of its lines and the twisting movement. Thanks to our team's determination, after countless studies and prototypes, we found the balance we were looking for.*

 polymer shade (CM-052)  
 frosted acrylic diffuser (CM-024)

Arca, walnut, brushed aluminum

Arca, walnut, brushed aluminum

*The Arca is an experiment with density and mass. As one moves around the room, the fixture morphs from a commanding presence of solid walnut into a graceful bar of light surrounded by an elegant porous cage.*

 TRIAC, ELV & 0-10V dimming P2

*The true beauty of the Camur is difficult to appreciate in print. When experiencing this fixture in person you begin to see the subtlety and grace of its vertical and horizontal movements. As you walk around this fixture the shape will morph from a beautiful curve to a straight line. We have created a video to help celebrate these details at [www.cernogroup.com/camur](http://www.cernogroup.com/camur)*

Camur, walnut

*Light and delicate, subtly unique while simple, the camur must be experienced to really be appreciated. The gentle curve appears from the bottom just the same as it does from the side: but the perspectives found between the two intrigue.*

Nick Sheridan,  
Designer

in collaboration with  
**DESIRON FRANK CARFARO**  
 HAND CRAFTED AMERICAN FURNITURE

The Aeris was a collaboration with New York based designer Frank Carfaro of Desiron. The organic and often wild swirls of walnut grain are interrupted by rigorous slits and inlays that punctuate each face to create a beautiful juxtaposition, making each fixture unique. The glow of the illuminated wood seen through the cut slits creates a rich composition of light and shadow.

Nick Sheridan  
 Co-Designer

Penna 64, walnut, distressed brass

Penna 40, dark stained walnut, distressed brass

On our Cerno journey, we continue to evolve as designers and craftsmen. The Penna is a celebration of us drawing and reflecting on our last ten years. This design is an embodiment of all the lessons that we have learned from designing and building thousands of lights. This fixture balances utility and sophisticated beauty well. The walnut, brass, and leather work in concert to compose a modern form with materials that have been used for thousands of years.

Designing with LEDs often lends itself to hiding, or using a low profile light source. The Cano pendant does the opposite; the light bulb is an integral part of the design. The solid hardwood faceted body is enhanced when paired with a spherical glowing bulb.

**Bimar pendant**

Muto, walnut

Muto, walnut

The way the walnut planes in the Muto both block and bounce light makes for a very dynamic composition of light and shadow, from any vantage point. While the pinwheel form with its repeating elements is symmetric, it appears very sculptural from any one view. The modern floating ideal is realized in the Muto. By holding each walnut element away from its neighbor, so each plane floats, the whole fixture feels weightless as if it were floating itself.

Nick Sheridan  
Designer

Astrum 11, distressed brass

Astrum, detail

Inspiration for the Astrum dates back to the first light fixture the three of us ever made after starting Cerno. The varying depths of the flat panels strategically obstruct a direct view of the light source. Light reflects off the inside of the outer panels and bounces off the inner panels producing a halo washing effect. The oculus at the bottom functions to emit a useful amount of downlighting. This design manages to pay homage to past modern designs while also feeling a bit futuristic.

Astrum 17, matte black with matte white interior

Astrum, detail

Inspiration for the Astrum dates back to the first light fixture the three of us ever made after starting Cerno. The varying depths of the flat panels strategically obstruct a direct view of the light source. Light reflects off the inside of the outer panels and bounces off the inner panels producing a halo washing effect. The oculus at the bottom functions to emit a useful amount of downlighting. This design manages to pay homage to past modern designs while also feeling a bit futuristic.

Medium Base E26 Specifications

Imber 17 lamping:  
 1x E26 base, type A lamp, 75 W max  
 Imber 24 lamping:  
 3x E26 base, type A lamp, 75 W max each  
 Bulbs not included  
 Input voltage: 250 V AC max

Suspension Type

**Corded**  
 96" length of SVT wire is used. Wire is field adjustable and suitable for a sloped ceiling.  
**Rigid**  
 Stem comes 6' long and is field cuttable to length (0.38" Ø).

Suspension and Hardware Finish

**Standard Combinations**  
 Come with either black or satin nickel suspension, canopy, and sockets:  
 Black: DW, DD, RW, GD, BD, BO, BW  
 Satin Nickel: WO  
**Corded Versions**  
 White cord: satin nickel hardware  
 Black cord: black hardware  
 24" Imber corded uses a .06" Ø steel cable for suspension

Diffuser

Frosted white diffuser (CM-024)  
 Diffuser is recommended when fixture location may allow for direct glare.  
 Integrated LED option always comes with a diffuser

Imber 24, distressed brass, walnut

**Imber 24 with Medium base socket**  
 Low-profile round canopy, SPT with steel cable included  
 Canopy dimensions: 5.5"Ø, 2" deep

**Imber 24 with LED lamping**  
 Extended-profile round canopy, braided cord with steel cable included, required to house the LED driver (3.25" x 2.25" x 1.25")  
 Canopy dimensions: 5.5"Ø, 2" deep

**Imber 17 with LED lamping**  
 Extended-profile round canopy, braided cord included, required to house the LED driver (3.25" x 2.25" x 1.25")  
 Canopy dimensions: 5.5"Ø, 2" deep

**Imber 17 with Medium base socket**  
 Low-profile round canopy, SVT included  
 Canopy dimensions: 5"Ø, 0.3" deep

Ignis 24, brass, walnut

**Ignis 24 with Medium base socket**  
 Low-profile round canopy, SPT with steel cable included  
 Canopy dimensions: 5"Ø, 0.3" deep

**Ignis 24 with LED lamping**  
 Extended-profile round canopy, braided cord with steel cable included, required to house the LED driver (3.25" x 2.25" x 1.25")  
 Canopy dimensions: 5.5"Ø, 2" deep

**Ignis 17 with LED lamping**  
 Extended-profile round canopy, braided cord included, required to house the LED driver (3.25" x 2.25" x 1.25")  
 Canopy dimensions: 5.5"Ø, 2" deep

**Ignis 17 with Medium base socket**  
 Low-profile round canopy, SVT included  
 Canopy dimensions: 5"Ø, 0.3" deep

 Black cord: black hardware  
 24" Ignis corded uses a 1/16" Ø steel cable for suspension

The Ignis and Imber were inspired by the same design principles that make Cerno and ICRAVE well suited to collaborate. Honesty, simplicity, elemental, timeless and quality are words that sit at the core of both companies' design ethos and we believe these light fixtures embrace these qualities well. Each fixture was reduced to its essential parts – frame and shade – highlighting the interplay of the components, and accentuating the clean lines of the form.

ICRAVE / Cerno

Ico pendant

Dimensions: 20" Ø, 9.5"  
 Materials: solid brass  
 Product weight: 6 lb  
 Light source: medium base E26 socket

After working with drum cymbals on a few custom projects, we grew to appreciate the design and engineering that goes into these beautiful objects. Cymbals have a simple form, rich texture, and a beautiful brass finish. Modernism is often about utilizing what already exists and repurposing things, which is what we did with this fixture. The Ico looks excellent when paired with a simple light bulb.

72" drop length, field adjustable  
Suitable for a sloped ceiling  
Wood grain will vary  
Specifications subject to change

**MATERIAL & FINISH OPTIONS**

Includes frosted polymer diffuser (CM-057)

The Calx is an example of modern design where the methods and the materials themselves are integral to its very conception, aligning form and function, which creates a synergy that is evident. The fixture ultimately forms a square aperture but enjoys a beautifully simple faceted structure.

Veris 12, matte black with matte white interior

Veris, details

Veris was a concept we started exploring ten years ago. Two offset layers of petals simultaneously shield the light source while allowing reflected light to wash the inside petals, creating a dramatic ambient luminaire. The form materializes through a series of processes that utilize cutting edge CNC laser technology but still rely on skilled hand-rolling and bending of the aluminum petals.

Veris was a concept we started exploring ten years ago. Two offset layers of petals simultaneously shield the light source while allowing reflected light to wash the inside petals, creating a dramatic ambient luminaire. The form materializes through a series of processes that utilize cutting edge CNC laser technology but still rely on skilled hand-rolling and bending of the aluminum petals.

Veris 34, matte black with matte white interior

Veris, details

Veris was a concept we started exploring ten years ago. Two offset layers of petals simultaneously shield the light source while allowing reflected light to wash the inside petals, creating a dramatic ambient luminaire. The form materializes through a series of processes that utilize cutting edge CNC laser technology but still rely on skilled hand-rolling and bending of the aluminum petals.

**Veris 34**  
pendant

Dimensions: 33.5" Ø, 23"  
Product weight: 8 lb  
Suitable for a sloped ceiling

**Integrated LED Specifications**  
Light output: 2815 Lumens (source)  
Light color: 2700 K, 3000 K, 3500 K or 4000 K  
Color accuracy: 90+ CRI  
Power usage: 32.5 W  
Dimmable (see driver below)  
Driver housed in extended canopy  
Driver dimensions: 3.3" x 2.4" x 1", included

**E26 Medium Base Specifications**  
Lamping: 3x E26 base, type A lamp, 60 W max each  
Input voltage: 250 V AC max  
Bulb not included

Textured Black Powdercoat (CM-049) extended round canopy with SVT-3 Cable, Black (CM-039) and 1/16" Stainless Steel Cables (CM-053)  
Canopy dimensions: 5" Ø, 2"  
See website for more canopy information  
Field adjustable drop length: 1'0" min - 8'0" max  
Specifications subject to change

**MATERIAL & FINISH OPTIONS**

- matte black (CM-085) with matte white interior
- brushed aluminum (CM-012)
- brushed rose gold (CM-046)
- brushed brass (CM-047)
- distressed brass (CM-096)
- gloss white (CM-054)

**Mica L**  
pendant

Dimensions: 16" Ø, 13.5"  
Materials: solid wood, polymer  
Product weight: 8 lb  
Suitable for a sloped ceiling

*Integrated LED Specifications*

Light output: 1250 Lumens (source)  
Light color: 2700 K or 3500 K  
Color accuracy: 90+ CRI  
Power usage: 13 W  
Dimmable (see driver below)  
Brushed aluminum (CM-006) extended-profile square canopy with white braided cord included  
Canopy dimensions: 4.5" x 4.5", 1.63"  
Canopy required to house LED driver (3.3" x 1.6" x 1.0")  
See website for more canopy information  
6'-0" drop length, field adjustable

*Medium Base Specifications*

Lamping: E26 base, type A lamp, 60 W max  
Bulb not included  
Input voltage: 250 V AC max  
White (CM-060) low-profile round canopy with clear SVT cord included  
Canopy dimensions: 5"Ø, 0.3"  
6'-0" drop length, field adjustable

Wood grain will vary  
Specifications subject to change

MATERIAL & FINISH OPTIONS

Mica L part # 06-180-

Wood Body

Includes  
frosted polymer (CM-024)

The Mica is simply a cube, which has been carefully deconstructed to a sculptural state. By way of the fixture's orientation and petal material composition, it exudes a certain organic symmetry. The Mica accent pendant acts as a beautiful node, creating a sense of space marked with an ambient glow.

Nick Sheridan

The Salix pendant's materials and proportions are in perfect harmony. The brushed aluminum set against the oiled walnut in this fixture still feels strikingly fresh and beautiful after years of production.

Nick Sheridan  
Designer

The Plura is a simple, straight forward fixture that is excellently executed. With the Plura it was about resolving the seams and edges and their relationships to one another. The result is a scalable fixture that has a sharp, sophisticated feel.

Casia 14, white washed oak, gloss white

Casia detail

Casia is a fresh and innovative approach to a flush mount light fixture. Each carefully selected material plays an integral role in the aesthetic design and performance. The wood arms, metal shade, and glass diffuser combine to create a minimalist form well suited for a modern environment or a more traditional space. The 14" version works well in bathrooms, closets, narrow corridors, and smaller kitchens. The 18" and 22" sizes are incredibly dynamic and work well in different environments such as commercial, residential, and hospitality applications.

Casia detail

Casia is a fresh and innovative approach to a flush mount light fixture. Each carefully selected material plays an integral role in the aesthetic design and performance. The wood arms, metal shade, and glass diffuser combine to create a minimalist form well suited for a modern environment or a more traditional space. The 14" version works well in bathrooms, closets, narrow corridors, and smaller kitchens. The 18" and 22" sizes are incredibly dynamic and work well in different environments such as commercial, residential, and hospitality applications.

Casia 22, dark stain walnut, distressed brass

Casia detail

**Casia 22**  
flush mount

Dimensions: 21.5" Ø, 8.2"  
 Product weight: 5 lb  
 Light output: minimum 1981 Lumens (source)  
 See Lamping options below  
 Light color: 2700 K or 3500 K  
 Color accuracy: 90+ CRI  
 Power usage: 23 W  
 Dimmable (see power options below)  
 Wood grain will vary  
 Specifications subject to change  
 UL Pending

Cerno's product development team prioritized the utility of the Allavo vanity, while not ignoring the importance of the aesthetic. Drawing from our experience with product photography, we knew that a large diffuse light source was the key to achieving our goal. The novel design uses indirect lighting that bounces off a curved metal surface. Cerno's signature use of wood is integrated seamlessly into a design we believe harmonizes usefulness and beauty.

matte white, white washed oak

walnut

Merus is a quintessential Cerno design. Clean, modern lines paired with a novel indirect light source compose a form that balances beauty and usefulness. Our team used Cerno's signature material palette of wood and metal.

black amaretto shade, dark stained walnut, textured black powdercoat

The adaptive and interactive features of the Talea introduced exciting challenges to the design process. I believe we found a balance that allows this fixture to thrive in a range of spaces and different applications. I am really pleased with how the design language turned out, specifically how the expressive hinge suggests its ability to swing, and how the wood to metal arm detailing suggests the arm can telescope. It's a beautiful mixture of utility and elegance.

Nick Sheridan

Talea, white linen shade, dark stained walnut body, brushed aluminum,

**Talea**  
articulate wall sconce

Dimensions: 18.38" x 5" x 34.75", 15" Ø shade  
Materials: solid wood, metal  
Product weight: 5 lb  
Light source: medium base E26 socket  
Lamping: E26 base, type A lamp, 60 W max  
Bulb not included  
Input voltage: 250 V AC max  
Clear SVT-3 cord included  
Top and bottom diffusers included (CM-051)  
Wood grain will vary  
Specifications subject to change  
Patent No.: US D846,180 S

**SWING ARM LENGTH**

Arm length (from the wall to center of shade) can be adjusted between 18" and 27"

**DROP LENGTH**

Max drop length from tip of extended arm to top of shade is 36"

**SWING ARM ROTATION**

Adjustable resistance in pivot hinge

On our Cerno journey, we continue to evolve as designers and craftsmen. The Penna is a celebration of us drawing and reflecting on our last ten years. This design is an embodiment of all the lessons that we have learned from designing and building thousands of lights. This fixture balances utility and sophisticated beauty well. The walnut, brass, and leather work in concert to compose a modern form with materials that have been used for thousands of years.

*It's a 3 sided box, which has been carefully deconstructed to a sculptural state. The careful composition of overlap and void create interest and complexity to a very straightforward, well-functioning wall sconce. The tectonic disconnection in form allows you to witness the solid American black walnut's grain as it travels through each solid block.*

Sedo, walnut

The Sedo is composed of just three floating planes all kept parallel to the wall. This simple composition cloaks the light engine from view and filters the light as it is delivered far up and down the wall. It's this wall grazing and diffuser glow that gives the Sedo a strong architectural presence.

J-box centered behind metal plate

The Fortis wall sconce is a great example of the collaborative design process. The initial concept from the New York based Desiron was refined over many iterations. We then worked with the local Southern California artisan glass company Siemon & Salazar to achieve a very specific bubbled glass lens that diffuses the light. It is a strong and sophisticated display of three elements: a piece of metal, a piece of wood, and a piece of glass all beautifully showcased in light.

J-box centered behind fixture  
Also available in a pendant version, see page 41

The Claudio sconce showcases the beautiful natural walnut wood grain and sets it against the rigorous slits cut in each face as they wrap around the simple, clean shade form. A beautiful glow emanates from each slit, showing the striking rectilinear composition, in which all three sides are unique.

Designer

**Cubo**  
bedside wall sconce/reading lamp hybrid

Dimensions: 18" x 9" x 3", 22.5" articulating arm  
 Materials: solid wood, aluminum, polymer  
 Product weight: 3 lb  
 Full arm and light head articulation  
 Light source: integrated LED  
 Light output: 345 Lumens (source)  
 Light color: 2700 K  
 Color accuracy: 90+ CRI  
 Power usage: 3.2 W  
 Dimmable on fixture  
 Input voltage: 12 V DC (adapter included)  
 Hardwired and corded versions available  
 Hardwired model includes an external power adapter (3" x 1.63" x 1.25")  
 Requires space in J-box for included power adapter  
 Wood grain will vary  
 Specifications subject to change

**OPTIONS**

**Includes**  
 solid walnut body (CM-001)  
 aluminum arms (CM-006)  
 frosted polymer shade

Alternate voltage / plug styles available

\*Hardwired installation uses a standard 3" round plaster ring and requires room in the j box for the included external power supply. Get installation instructions at [www.cernogroup.com](http://www.cernogroup.com)

*Necessity is the mother of invention, and in this case illuminated activities in bed need highly controlled light — provided here without compromise, while still delivering a simple, clean wall sconce with ambient light — all in one fixture! — and it leaves your nightstand clutter free! Now that is modern.*

Nick Sheridan  
Designer

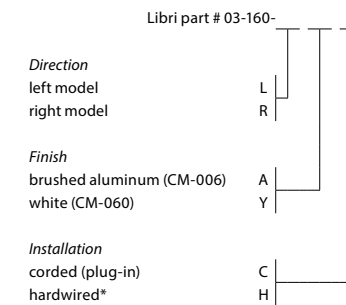

**Libri**  
bedside sconce reading light

Dimensions: 10.5" x 1.5" x 1.2"  
 Materials: aluminum, polymer, optional solid wood mounting  
 Product weight: 1 lb  
 Light source: integrated LED  
 Light output: 160 Lumens (source)  
 Light color: 2700 K  
 Color accuracy: 90+ CRI  
 Power usage: 2 W  
 Automatic ON/OFF when arm is pulled away from wall  
 Specifications subject to change

**MATERIAL & FINISH OPTIONS**

Alternate voltage / plug styles available  
 J-box centered behind fixture

**DIRECTION**

**INSTALLATION**

\*Hardwired installation requires room in the J-box for the included external power adapter (2" x 1" x 1.25"). Typically mounting kit is used. See mounting options on this page

**MOUNTING OPTIONS**  
 Mounting kits are sold separately from the Libri fixture.  
 No Mounting kit is required if the Libri fixture is to be installed using the Direct Mount option.

**Direct Mount**  
 Direct mount option is used when mounting directly to a headboard. There is no backplate and the cord must be fed through a hole in the headboard directly behind where the fixture is mounted and plugged into a wall outlet using the included AC adapter.

**Libri Mounting Kit**  
sconce backplate

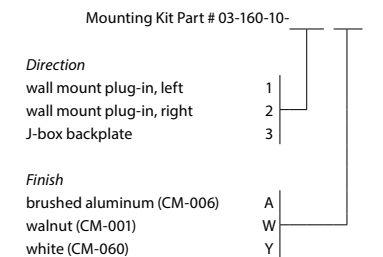

**J-box Backplate: Mounting Kit (3)**  
 J-box backplate is typically used when mounting to a J-box. Hardwired installation requires room in the J-box for the included external power adapter (2" x 1" x 1.25").

**Wall Mount Plug-in Backplate: Mounting Kit (1, 2)**  
 Wall mount plug-in backplate is used when mounting directly to the wall and plugging into a wall outlet. The wall mount is an elongated rectangle that allows the cord to exit discreetly below the fixture.

**MOUNTING KIT OPTIONS**

*The Libri is about function and ease: an extremely articulate directional task light in a discrete and sturdy form that is very intuitive to use.*

Levo, walnut

REDDYMADE ARCHITECTURE AND DESIGN

Levo, right model

**Levo**  
bedside wall sconce/reading  
lamp hybrid with USB charger

Dimensions: 10" x 16" x 3.25"  
 Materials: solid wood, aluminum, polymer  
 Product weight: 3 lb  
 Light source: 2x integrated LED  
 Static sconce light + swing arm with rotating head light  
 Light output of static sconce source: 565 Lumens (source)  
 Light output of swing arm source: 160 Lumens (source)  
 Light color: 2700 K  
 Color accuracy: 90+ CRI  
 Power usage: 20 W total (10 W USB charger)  
 USB charge current: 2 A  
 Fully dimmable static sconce light with Automatic ON/OFF swing arm light source  
 Swing arm light is not dimmable  
 Input voltage: 12 V DC (adapter included)  
 Hardwired and corded versions available  
 Hardwired model includes an external power supply (2.75" x 1.63" x 1.13")  
 Requires space in J-box for included power adapter  
 Alternate voltage/plug styles available  
 Hardwired adapter input voltage: 120-277 V AC  
 Corded adapter input voltage: 120 V AC  
 Wood grain will vary  
 Specifications subject to change

**MATERIAL & FINISH OPTIONS**

Includes  
solid walnut body (CM-001)  
brushed aluminum (CM-006)  
frosted polymer (CM-024)

Alternate voltage / plug styles available

**Levo Shelf Option**

Levo, right model with shelf option

The introduction of the optional shelf for the Levo increases the utility of this fixture without compromising any aspect of the design. The shelf provides a perfect place to rest your phone or tablet while charging it. It is important to note that shelf is purchased separately from the Levo and can be retrofitted on existing Levos.

**MATERIAL & FINISH OPTIONS**

Includes  
solid walnut shelf (CM-001)  
brushed aluminum (CM-006)

The goal for the Levo was to create a bedside wall fixture with great task lighting articulation that was intuitive enough to be used without prior knowledge of the fixture: all the while making it slender, sexy, and very robust.

MATERIAL & FINISH OPTIONS

Forma Table part # 02-150-

Alternate voltage / plug styles available  
Also available as a Floor Lamp, See page 16

Forma Table, walnut, black anodized aluminum, white linen

Being our most traditional fixture, Frank Carfaro and I worked to design a piece that embraced both Cerno and Desiron's aesthetic, without deviating too much from either brand's design language. I am really pleased with the fluidity, posture and scale we achieved with the Forma table, and its likeness to the Forma floor lamp.

Nick Sheridan  
Co-Designer

**Nauta Table**

Nauta Table part # 02-160-

\*Brass shade support arms feature wood plug in end of arm

in collaboration with  
**DESIRON FRANK CARFARO**  
HAND CRAFTED AMERICAN FURNITURE

walnut, brushed brass, burlap

Efficiency and simplicity guided the design process for the Nauta table lamp. We designed the Forma several years ago with Frank Carfaro of Desiron, which profoundly influenced the Nauta's form. Our goal was to distill the Forma design without compromising it. The Nauta is clean, modern, and priced competitively.

Nick Sheridan  
Designer

**Silva**

Silva Table, walnut, white linen

The structural connection between metal and wood was the inspiration here, where the fixture's stance is only strengthened by gravity. The tri-leg base finds stability on uneven surfaces and allows the cord to exit discreetly and effectively. It feels signature and iconic while still keeping a clean and timeless modern aesthetic.

Macto, walnut

The Macto showcases the breathtaking natural beauty of the solid walnut base. Only in a truly solid piece of wood can you see the fascinating way that the grain changes as it passes from face to face. Great reach and articulation make the Macto an extremely functional and versatile fixture: while its form and composition are kept remarkably simple.

Guy Rose, Impressionist

**Revelite AL**  
art light

The Revelite AL brings art to life. A challenge resolved by a slim luminaire that discreetly and evenly illuminates an artwork surface with beautiful color rendering accuracy.

**CUSTOMIZED**

Each AL is custom built and factory calibrated for an artwork's specific dimensions, distributing even illumination across the full width and height of the surface.

**HIGH COLOR ACCURACY**

To accurately reflect the artist's vision, the LED light source was designed to provide full color spectrum lighting with a color rendering index over 90 and an R9 value of 83.

**ART SAFE**

Revelite AL's LED technology provides a much safer alternative to legacy sources that emit excessive and damaging UV and heat.

**LOW PROFILE**

The minimal form virtually disappears against the frame or wall and pairs well with various styles of art, including contemporary, photographs behind glass and more traditional works.

**VISIT**
