BELIEF

With no backyards but access to beaches and idyllic doses of salt and sun, our business story began with the adventures of three boys.

Laguna Beach's creative culture and natural environment shaped our professional and aesthetic ideals. Looking back it's now clear that our childhood projects and experiments grew into our best adventure yet: building Cerno.

THE BEGINNING

*Cerno founders, 1998. Left to right:
Nick Sheridan, Dan Wacholder, Bret Englander.*

Our drive and influences come from many different sources. One source that influenced all of us is Daniel's late grandfather, Steve. Steve grew up on a remote homestead where the existence of most objects depended on people's ability to create and fix them. For all of his 101 years, he embodied the saying "where there's a will, there's a way." On the California coast we were raised with this mentality and today we share it with the rest of the Cerno team.

CERNO

- Verb (Latin)

1. To resolve, distinguish, decide, sift, determine, to perceive.

OUR TEAM

Each finished product is a celebration of the inventive minds and industrious hands that brought it to life. Dreams do not manifest themselves; skilled people bring dreams to life. The passion of our steadily growing team and their commitment to the product is inspiring. We are grateful for every individual that is part of our collaborative creative process.

Forma

Fons 8 / Fons 10
floor

Dimensions: 25" Ø shade, 7'-4"
Materials: solid wood, metal, linen shade
Product weight: 65 lb
Light source: medium base E26 socket
Lamping: E26 base, type A lamp, 60 W max
Input voltage: 120 V AC max
Includes 6'-0" clear silver cord with
inline foot switch 24" from base
Bottom diffuser included (CM-051)
Wood grain will vary
Specifications subject to change

Included dimmable LED A19 bulb
Light output: 800 Lumens (source)
Light color: 2700 K
Color accuracy: 90+
Power usage: 11 W

MATERIAL & FINISH OPTIONS

Includes
stainless steel tension cable (CM-053)
black powder coated steel base (CM-049)
frosted polymer diffuser (CM-051)

Alternate voltage/plug styles are available

ARM LENGTH
Available in 10'-8" and 8'-4" arm lengths
Arm length is from back of base to center of shade
Arm lengths are not adjustable

SHADE HEIGHT
Shade height (floor to bottom edge of shade) can be adjusted between 6'-2" maximum and 3'-9" minimum.

The goal with the Fons was to minimize the structure and visual massing of the fixture while maximizing the reach or cantilever. The delicate boom arm, upheld by a tension cable, gently bends while reaching out to almost horizontal where it suspends the light. The structural design is an extremely effective way to resolve the forces associated with such a long reach. It is so effective and efficient that it seems to float with a weightlessness at the tip.

Nick Sheridan
Designer

When reaching such a distance with a fixture, it is important that it feels visually efficient in its form but is still far from fragile, inviting one to linger under it. The adjustability in the reach and the height of the shade make it possible to custom fit the piece to its surroundings - an important characteristic for such a large piece.

Nick Sheridan
Designer

Valeo
floor

Dimensions: 8'1" H max, 25" Ø shade
Materials: solid wood, metal, linen shade
Product weight: 95 lb
Light source: medium base E26 socket
Lamping: E26 base, type A lamp, 60 W max
Input voltage: 120 V AC max
Includes 72" clear silver cord with
inline foot switch 24" from base
Bottom diffuser included (CM-051)
Wood grain will vary
Specifications subject to change

Included dimmable LED A19 bulb
Light output: 800 Lumens (source)
Light color: 2700 K

walnut, brushed aluminum, burlap, black shelf

Efficiency and simplicity guided the design process for the Nauta table lamp. We designed the Forma several years ago with Frank Carfaro of Desiron, which profoundly influenced the Nauta's form. Our goal was to distill the Forma design without compromising it. The Nauta is clean, modern, and priced competitively.

Nick Sheridan
Designer

Altus, walnut body, distressed brass metal finish, white linen shade

The Altus is a robust fixture that also carries an air of elegance and subtle proportion. It has the mass and impact to anchor a space while still showing balance and grace. It is always exciting to see how the solid wood trunk comes out; admiring the wood grain all the way through.

Nick Sheridan

Forma, brushed aluminum, walnut, burlap shade

Frank Carfaro and I worked to design a piece that embraced both Cerno and Desiron's aesthetic, without deviating too much from either brand's design language. I am really pleased with the fluidity, posture and scale we achieved with the Forma.

Silva Giant, brushed aluminum, walnut body, white linen shade

The Silva Giant, as the name suggests, is a giant version of our Silva table fixture. Its scale gives it a strong presence even in very large spaces, while its distilled form gives it a simplicity that can be seen from across the room. A fun piece with a huge personality.

Brevis

Lenis, brushed aluminum

Bret, Dan and I have always loved the ocean and boats. In fact, the first project we built together as young boys was a sailboat. Our appreciation for the beauty of a well-designed craft is what initially inspired the Lenis fixture; the form is created by bending wood stringers over a series of bulkheads. The organic and sculptural structure deviates from our mostly rectilinear forms, which introduced many new challenges, yet it also breathed new life into the design process for us. Ultimately, we were searching for that balance between the curved fluidity of its lines and the twisting movement. Thanks to our team's determination, after countless studies and prototypes, we found the balance we were looking for.

Nick Sheridan,
Designer

Lenis linear pendant

(CM-002)

Camur, walnut

Light and delicate, subtly unique while simple, the camur must be experienced to really be appreciated. The gentle curve appears from the bottom just the same as it does from the side: but the perspectives found between the two intrigue.

Nick Sheridan,
 Designer

in collaboration with
DESIRON FRANK CARFARO
HAND CRAFTED AMERICAN FURNITURE

Aeris 54, walnut, brushed aluminum

Aeris 54, walnut, brushed aluminum

The Aeris was a collaboration with New York based designer Frank Carfaro of Desiron. The organic and often wild swirls of walnut grain are interrupted by rigorous slits and inlays that punctuate each face to create a beautiful juxtaposition, making each fixture unique. The glow of the illuminated wood seen through the cut slits creates a rich composition of light and shadow.

Amicus 12
pendant

Dimensions: 12" Ø, 10.25"
Product weight: 3 lb
Suitable for a sloped ceiling

Integrated LED Specifications
Light Color Options*:
2700 K - 831 Lumens (source)
3500 K - 873 Lumens (source)
Color accuracy: 90+ CRI
Power usage: 10 W
Dimmable (see power options below)
JA8-2019 Compliant

E26 Medium Base Specifications
Lamping: E26 base, 60 W max, G40 recommended
Bulb not included
Input voltage: 250 V AC max

Textured Black Powdercoat (CM-049) low profile round canopy with SVT-3 Cable, Black (CM-039)
Canopy dimensions: 5" Ø, 0.3"
See website for more canopy information
Field adjustable drop length: 0'6" min - 8'0" max
Wood grain will vary
Specifications subject to change
Suitable for dry or damp locations

Amicus 12, dark stain walnut, brushed brass

Amicus socketed top detail

Traveling through Morocco, I was in awe of the skilled craftspeople and their impressive work. I was most enamored with the detail and intricacy of the perforated metal light fixtures. The artistry, patterns, and old-world techniques inspired me and ultimately inspired the Amicus.

Nick Sheridan
Designer

The wood arms, metal shade, and glass diffuser combine to create a minimalist form well suited for a modern environment or a traditional space. Each carefully selected material plays an integral role in the aesthetic design and performance.

Abeo, walnut

I wanted to create a simple geometric sculpture that lets the light inside just sneak out around the floating walnut planes: letting the natural wood fall in and out of the light. It is this play with contrast and light and shadow that makes the Abeo such a dynamic piece.

Nick Sheridan
Designer

Abeo
pendant

Dimensions: 15" Ø, 11.5"

Cano, dark stained walnut

Cano, walnut

Designing with LEDs often lends itself to hiding, or using a low profile light source. The Cano pendant does the opposite; the light bulb is an integral part of the design. The solid hardwood faceted body is enhanced when paired with a spherical glowing bulb.

Bimar
pendant

Dimensions: 5" x 5", 7.75"
Materials: solid wood
Product weight: 3 lb
Light source: medium base E26 socket
Lamping: E26 base, type G40 lamp, 20 W max

Muto, walnut

Muto, walnut

The way the walnut planes in the Muto both block and bounce light makes for a very dynamic composition of light and shadow, from any vantage point. While the pinwheel form with its repeating elements is symmetric, it appears very sculptural from any one view. The modern floating ideal is realized in the Muto. By holding each walnut element away from its neighbor, so each plane floats, the whole fixture feels weightless as if it were floating itself.

Astrum 11, distressed brass

Astrum, detail

Inspiration for the Astrum dates back to the first light fixture the three of us ever made after starting Cerno. The varying depths of the flat panels strategically obstruct a direct view of the light source. Light reflects off the inside of the outer panels and bounces off the inner panels producing a halo washing effect. The oculus at the bottom functions to emit a useful amount of downlighting. This design manages to pay homage to past modern designs while also feeling a bit futuristic.

Bulbs not included
Input voltage: 250 V AC max

Suspension Type
Corded
96" length of SVT wire is used. Wire is field adjustable and suitable for a sloped ceiling.
Rigid
Stem comes 6' long and is field cuttable to length (0.38" Ø).

Suspension and Hardware Finish
Standard Combinations
Come with either black or satin nickel suspension, canopy, and sockets:
Black: DW, DD, RW, GD, BD, BO, BW
Satin Nickel: WO
Corded Versions
White cord: satin nickel hardware
Black cord: black hardware
24" Imber corded uses a .06" Ø steel cable for suspension

*Available in 3000K, 4000K and other color temperatures upon request

Diffuser
Frosted white diffuser (CM-024)
Diffuser is recommended when fixture location may allow for direct glare.
Integrated LED option always comes with a diffuser

The Ignis and Imber were inspired by the same design principles that make Cerno and ICRAVE well suited to collaborate. Honesty, simplicity, elemental, timeless and quality are words that sit at the core of both companies' design ethos and we believe these light fixtures embrace these qualities well. Each fixture was reduced to its essential parts – frame and shade – highlighting the interplay of the components, and accentuating the clean lines of the form.

Lamping
Integrated LED Specifications
Light output: 1250 Lumens (source)
Light color*: 2700 K or 3500 K
Color accuracy: 90+ CRI
Power usage: 13 W
Input voltage: 120-277 V AC
Dimmable: 0-10 V dimming at 120-277 V AC
TRIAC and ELV dimming at 120 V AC only

Medium Base E26 Specifications

Ignis 17 lamping:

1x E26 base, type A lamp, 75 W max

Ignis 24 lamping:

3x E26 base, type A lamp, 75 W max each

Bulbs not included

Input voltage: 250 V AC max

Suspension Type

Corded

8'-0" length of SVT wire is used. Wire is field adjustable and suitable for a sloped ceiling.

Rigid

Stem comes 6' long and is field cuttable to length (.038" Ø)

Suspension and Hardware Finish

Standard Combinations

Come with either black or satin nickel

suspension, canopy, and sockets:

Black: DW, DD, RW, GD, BD, BO, BW

Satin Nickel: WO

Corded Versions

White cord: satin nickel hardware

Black cord: black hardware

24" Ignis corded uses a 1/16" Ø steel

cable for suspension

*Available in 3000K, 4000K and other color temperatures upon request

Ico
pendant

Dimensions: 20" Ø, 9.5"
Materials: solid brass
Product weight: 6 lb
Light source: medium base E26 socket
Lamping: 1x E26 base, 60 W max
Bulbs not included
Input voltage: 250 V AC max
Textured Black Powdercoat (CM-049)
low profile round canopy with Black Cloth Covered Cord (CM-090)
Canopy dimensions: 5" Ø, 0.3"
See website for more canopy information
Field adjustable drop length: 0'9" min - 8'0" max
Suitable for a sloped ceiling
Specifications subject to change

low-profile round canopy

MATERIAL & FINISH OPTIONS

	Ico part # 06-240-20	R	C
Fixture Size	20"		
Shade Finish			
spun solid brass (CM-091)		R	
Suspension			
corded (CM-008)			C

Includes
brushed brass (CM-008)

After working with drum cymbals on a few custom projects, we grew to appreciate the design and engineering that goes into these beautiful objects. Cymbals have a simple form, rich texture, and a beautiful brass finish. Modernism is often about utilizing what already exists and repurposing things, which is what we did with this fixture. The Ico looks excellent when paired with a simple light bulb.

Nick Sheridan
Designer

Calx 10
accent pendant

Dimensions: 6.75" x 6.75", 6.4"
Materials: wood, metal, polymer
Product weight: 2 lb
Light source: integrated LED
Light output: 345 Lumens (source)
Light color*: 2700 K or 3500 K
Color accuracy: 90+ CRI
Power usage: 3.2 W
Dimmable (see driver below)
Driver location: must be housed in J-box
Driver dimensions: 2" x 1.3" x 1", included
White (CM-060) low-profile round canopy with
white braided cord included
Canopy dimensions: 5"Ø, 0.3"
See website for more canopy information
72" drop length, field adjustable
Suitable for a sloped ceiling
Wood grain will vary
Specifications subject to change

MATERIAL & FINISH OPTIONS

Calx 10 part # 06-200-10

Metal Finish

brushed aluminum (CM-012)
brushed rose gold (CM-046)
brushed brass (CM-047)

Wood Finish

walnut (CM-055)
dark stained walnut (CM-056)

Lamping*

2700 K LED
3500 K LED

Driver

120VAC input voltage
ELV dimming only

Calx 10, walnut, brushed brass

Calx 19, walnut, brushed brass

The Calx is an example of modern design where the methods and the materials themselves are integral to its very conception, aligning form and function, which creates a synergy that is evident. The fixture ultimately forms a square aperture but enjoys a beautifully simple faceted structure.

P1

Veris 12, matte black with matte white interior

Veris, details

Veris was a concept we started exploring ten years ago. Two offset layers of petals simultaneously shield the light source while allowing reflected light to wash the inside petals, creating a dramatic ambient luminaire. The form materializes through a series of processes that utilize cutting edge CNC laser technology but still rely on skilled hand-rolling and bending of the aluminum petals.

Levis L, frosted polymer

The Levis is simple and clean at first glance: complex upon closer review. The rhythm in the facets gives a dynamic feel from different vantage points, creating a sophistication to its presence.

Nick Sheridan
Designer

Mica, walnut

The Mica is simply a cube, which has been carefully deconstructed to a sculptural state. By way of the fixture's orientation and petal material composition, it exudes a certain organic symmetry. The Mica accent pendant acts as a beautiful node, creating a sense of space marked with an ambient glow.

The Salix pendant's materials and proportions are in perfect harmony. The brushed aluminum set against the oiled walnut in this fixture still feels strikingly fresh and beautiful after years of production.

Nick Sheridan
Designer

Salix, brushed aluminum

The Plura is a simple, straight forward fixture that is excellently executed. With the Plura it was about resolving the seams and edges and their relationships to one another. The result is a scalable fixture that has a sharp, sophisticated feel.

Casia 14, white washed oak, gloss white

Casia detail

Casia is a fresh and innovative approach to a ceiling mount light fixture. Each carefully selected material plays an integral role in the aesthetic design and performance. The wood arms, metal shade, and glass diffuser combine to create a minimalist form well suited for a modern environment or a more traditional space. The 14" version works well in bathrooms, closets, narrow corridors, and smaller kitchens. The 18" and 22" sizes are incredibly dynamic and work well in different environments such as commercial, residential, and hospitality applications.

Plura 36 ceiling mount, walnut

The Plura is a simple, straight forward fixture that is excellently executed. With the Plura it was about resolving the seams and edges and their relationships to one another. The result is a scalable fixture that has a sharp, sophisticated feel.

J-box centered behind fixture

The Creo's ceramic shade is hand-crafted in Laguna Beach by ceramic artists Scott and Naomi Schoenherr for Cerno. The terracotta is unglazed, accentuating the clay's natural red earth coloring. The modern form works well in clean minimalist outdoor and indoor environments as well as in more transitional spaces. Inspired by nature and designed to handle the elements.

Cerno's product development team prioritized the utility of the Allavo vanity, while not ignoring the importance of the aesthetic. Drawing from our experience with product photography, we knew that a large diffuse light source was the key to achieving our goal. The novel design uses indirect lighting that bounces off a curved metal surface. Cerno's signature use of wood is integrated seamlessly into a design we believe harmonizes usefulness and beauty.

The adaptive and interactive features of the Talea introduced exciting challenges to the design process. I believe we found a balance that allows this fixture to thrive in a range of spaces and different applications. I am really pleased with how the design language turned out, specifically how the expressive hinge suggests its ability to swing, and how the wood to metal arm detailing suggests the arm can telescope. It's a beautiful mixture of utility and elegance.

Nick Sheridan

Via
sconce or ceiling ceiling mount

Dimensions: 18" x 6" x 4"
Materials: solid wood, polymer
Product weight: 2 lb

Integral LED Specifications

Light output: 500 Lumens (source)
Light color*: 2700 K or 3500 K
Color accuracy: 90+ CRI
Power usage: 7 W
Dimmable (see driver below)
Input voltage: 24 V DC (driver included)
Driver location: must be housed in J-box
Driver dimensions: 3" x 1.5" x 1"
Mounting: ceiling or wall

Candelabra Base Specifications

Lamping: 2x candelabra E12 base sockets,
10 W max each (bulbs not included)
Select bulbs can achieve over 500 lumens each
Input voltage: 120 V AC max
Mounting: wall only

MATERIAL & FINISH OPTIONS

On our Cerno journey, we continue to evolve as designers and craftsmen. The Penna is a celebration of us drawing and reflecting on our last ten years. This design is an embodiment of all the lessons that we have learned from designing and building thousands of lights. This fixture balances utility and sophisticated beauty well. The walnut, brass, and leather work in concert to compose a modern form with materials that have been used for thousands of years.

Acuo, walnut

Acuo, brushed aluminum

*It's a 3 sided box, which has been carefully deconstructed to a sculptural state. The careful
composition of overlap and void create interest and complexity to a very straightforward, well-
functioning wall sconce. The tectonic disconnection in form allows you to witness the solid
American black walnut's grain as it travels through each solid block.*

The Capio is an exercise in restraint and efficiency consisting of just two solid wood sides that capture a single light diffusing lens. The clean and simple design allows for horizontal or vertical mounting as well as compelling compositions when used in multiples.

Nick Sheridan
Designer

Emergency backup option available upon request, requires oversized J-box.

The Oris has a strong and commanding presence with its highly architectonic form. The thick solid stock walnut and solid aluminum central fin give the Oris a feeling of permanence and integration into the surrounding architecture. The simple asymmetrical composition adds an understated complexity, as well as excellent illumination, to any wall.

Nick Sheridan

Sedo, walnut

The Sedo is composed of just three floating planes all kept parallel to the wall. This simple composition cloaks the light engine from view and filters the light as it is delivered far up and down the wall. It's this wall grazing and diffuser glow that gives the Sedo a strong architectural presence.

Nick Sheridan
Designer

Emergency backup option available upon request, requires oversized J-box.

walnut
(CM-001)

dark stained walnut
(CM-002)

The Tersus is an example of the simplest form unlocking a myriad of design possibilities. The long reaching light pattern cast on the wall coupled with the numerous finishes and materials offered makes the Tersus well versed for all kinds of compositions and applications.

Ansa, distressed brass

The Ansa is a simple form that has been detailed and executed without compromise. The robust metal collar broadly trains the light while the light diffusing blades closely attenuate the wash pattern on the wall, yielding a simple and sophisticated feel.

Fortis, dark stained walnut, carrara marble, oiled bronze

dark stained walnut, artisan glass, brushed brass

dark stained walnut, artisan glass, oiled bronze

The Fortis wall sconce is a great example of the collaborative design process. The initial concept from the New York based Desiron was refined over many iterations. We then worked with the local Southern California artisan glass company Siemon & Salazar to achieve a very specific bubbled glass lens that diffuses the light. It is a strong and sophisticated display of three elements: a piece of metal, a piece of wood, and a piece of glass all beautifully showcased in light.

Nick Sheridan
Co-Designer

Claudio, walnut

The Claudio sconce showcases the beautiful natural walnut wood grain and sets it against the rigorous slits cut in each face as they wrap around the simple, clean shade form. A beautiful glow emanates from each slit, showing the striking rectilinear composition, in which all three sides are unique.

DIRECTION

INSTALLATION

*Hardwired installation requires room in the J-box for the included external power adapter (2" x 1" x 1.25"). Typically mounting kit is used. See mounting options on this page

The Libri is about function and ease: an extremely articulate directional task light in a discrete and sturdy form that is very intuitive to use.

*Nick Sheridan,
Designer*

MOUNTING OPTIONS

Mounting kits are sold separately from the Libri fixture.
No Mounting kit is required if the Libri fixture is to be installed using the Direct Mount option.

Direct Mount

Direct mount option is used when mounting directly to a headboard. There is no backplate and the cord must be fed through a hole in the headboard directly behind where the fixture is mounted and plugged into a wall outlet using the included AC adapter.

Libri Mounting Kit
sconce backplate

J-box Backplate: Mounting Kit (3)
J-box backplate is typically used when mounting to a J-box. Hardwired installation requires room in the J-box for the included external power adapter (2" x 1" x 1.25").

Wall Mount Plug-in Backplate: Mounting Kit (1, 2)
Wall mount plug-in backplate is used when mounting directly to the wall and plugging into a wall outlet. The wall mount is an elongated rectangle that allows the cord to exit discreetly below the fixture.

brushed aluminum
(CM-006)

Efficiency and simplicity guided the design process for the Nauta table lamp. We designed the Forma several years ago with Frank Carfaro of Desiron, which profoundly influenced the Nauta's form. Our goal was to distill the Forma design without compromising it. The Nauta is clean, modern, and priced competitively.

Forma Table
desk/table

Dimensions: 15" Ø shade, 31"
Materials: solid wood, aluminum, fabric shade
Product weight: 10 lb
Light source: medium base E26 socket
Lamping: E26 base, type A lamp, 60 W max
Input voltage: 120 V AC max
Dimmable on fixture
Wood grain will vary
Specifications subject to change

 **UL**
Listed

Included dimmable LED A19 bulb
Light output: 800 Lumens (source)
Light color: 2700 K
Color accuracy: 90+ CRI
Power usage: 11 W

MATERIAL & FINISH OPTIONS

Forma Table part # 02-150-

Metal Finish

brushed aluminum (CM-006) A
black anodized aluminum (CM-007) B

Wood Body

walnut (CM-001) W
dark stained walnut (CM-002) D

Shade

black amaretto (CM-018) A
white linen (CM-016) L
burlap (CM-017) N

Alternate voltage / plug styles available
Also available as a Floor Lamp

Forma Table, walnut, black anodized aluminum, white linen

Being our most traditional fixture, Frank Carfaro and I worked to design a piece that embraced both Cerno and Desiron's aesthetic, without deviating too much from either brand's design language. I am really pleased with the fluidity, posture and scale we achieved with the Forma table, and its likeness to the Forma floor lamp.

Nick Sheridan
Co-Designer

Adesse, walnut, textured black, brass metal accents

Cerno's Adesse desk/table lamp exemplifies purpose-driven analog design. The solid brass toggle is a nod to the past. The two slits can hold a charging cord and the large cutout is for your phone or tablet. The design is absent of technology yet able to accommodate it. The solid walnut base, black metal shade, and brass components celebrate Cerno's use of quality materials.

Adesse
desk/table

Dimensions: 11" x 7", 22"
Product weight: 3 lb
Light source: candelabra base E12 socket
Lamping: E12 base, type G16.5 lamp, 7 W max
Input voltage: 120 V AC max
Includes 72" clear silver cord with white plug
On/Off toggle switch on base
Wood grain will vary
Specifications subject to change

 **UL**
Listed

Included dimmable LED G16.5 bulb
Light output: 350 Lumens (source)
Light color: 2700 K
Color accuracy: 90+ CRI
Power usage: 5 W

Revelite AL art light

The Revelite AL brings art to life. A challenge resolved by a slim luminaire that discreetly and evenly illuminates an artwork surface with beautiful color rendering accuracy.

CUSTOMIZED
Each AL is custom built and factory calibrated for an artwork's specific dimensions, distributing even illumination across the full width and height of the surface.

HIGH COLOR ACCURACY
To accurately reflect the artist's vision, the LED light source was designed to provide full color spectrum lighting with a color rendering index over 90 and an R9 value of 83.

ART SAFE
Revelite AL's LED technology provides a much safer alternative to legacy sources that emit excessive and damaging UV and heat.

LOW PROFILE
The minimal form virtually disappears against the frame or wall and pairs well with various styles of art, including contemporary, photographs behind glass and more traditional works.

VISIT
www.revelite.com for detailed specifications and options.

US Patent # 7,070,293 and 9,134,004.
Other US and International Patents Pending.

These lights revealed subtleties in paintings you just don't see with ordinary lights. I think we are seeing, truly for the first time, what the artist really wanted us to see.

Accessories

Motus Swing Arm Bracket
accessory

Dimensions: 18.38" x 5" x 26.8"
Materials: solid wood, metal
Product weight: 3 lb
Max suspension weight: 5 lb
Swing arm length can be adjusted from 18" to 27"
Max drop length from tip of extended arm to top of pendant is 36"
Swing arm rotation has adjustable resistance in pivot hinge
Wood grain will vary
Specifications subject to change
Patent No. : US D846,180 S

MATERIAL & FINISH OPTIONS

Motus Swing Arm Bracket part # 60-210-

brushed aluminum (CM-006)

textured black powder coat (CM-049)

walnut (CM-001)

dark stained walnut (CM-002)

Metal Finish
brushed aluminum (CM-006)
textured black powdercoat (CM-049)

Wood Body
walnut (CM-001)
dark stained walnut (CM-002)

How it works: Build your own fixture

Pick one of the pendants listed below and pair it with the Motus Swing Arm Bracket for a unique and versatile light fixture. To order, you will need to select a SKU for the pendant that you choose and a SKU for the Motus Swing Arm Bracket. The SKU builder for the Motus Swing Arm Bracket is above, and the SKU builders for the pendants are located on their respective tear sheets.

Motus with Levis Pendant

Motus with Plura 18

Motus with Calx 10

Motus with Claudio

Motus with Mica

Motus with Salix

Canopy Accessories

Multi-Point Round Canopy

For 3 accent pendants

Dimensions: 12"Ø, 1.25" H

MATERIAL & FINISH OPTIONS

12" Round Canopy part # 60-120-R

Finish
brushed aluminum (CM-006)
black anodized (CM-007)

Multi-Point Linear Canopy

For linear pendants or 2 or 3 accent pendants

Dimensions: 20.6" x 4", 1.3" H

MATERIAL & FINISH OPTIONS

Multi-Point Linear Canopy part # 60-130-

Finish
brushed aluminum (CM-006)
black anodized (CM-007)

Number of Holes

2 Holes (linear pendant) leave blank
3 Holes (pendant cluster)

Wood Canopy Cover

Fits over linear canopies except for Camur canopy (Camur wood canopy is on page 23)

Dimensions: 21" x 4.6", 1.75" H

MATERIAL & FINISH OPTIONS

Wood Canopy Cover part # 60-130-005

Finish
walnut (CM-001)
dark stained walnut (CM-002)

Number of Holes

2 Holes (linear pendant) leave blank
3 Holes (pendant cluster)
