Casia is a fresh and innovative approach to a flush mount light fixture. Each carefully selected material plays an integral role in the aesthetic design and performance. The wood arms, metal shade, and glass diffuser combine to create a minimalist form well suited for a modern environment or a more traditional space. The 14" version works well in bathrooms, closets, narrow corridors, and smaller kitchens. The 18" and 22" sizes are incredibly dynamic and work well in different environments such as commercial, residential, and hospitality applications.
