Efficiency and simplicity guided the design process for the Nauta floor lamp. We designed the Forma several years ago with Frank Carfaro of Desiron, which profoundly influenced the Nauta's form. Our goal was to distill the Forma design without compromising it. The Nauta floor is clean, modern, and priced competitively.

## LUTRON Native by Design™

Shared vision, exceptional results. Native by Design merges Lutron's intelligent lighting and technology with world-class design partners to create experiences that neither could achieve alone.

Design spaces to look and feel better with quality light. Lutron Intelligent Lighting replicates the natural color of daylight, offers a broad range of color temperatures, and renders objects truthfully under a rich spectrum. It's a difference you can feel.
