The skilled hands of the woodworkers on our team bring each Redeo ring to life. The wood body is strong and built to last generations. The standard offering comes in 3, 4, and 5-foot diameters. The thoughtful attention to detail and personal touch that goes into making each Redeo is how this fixture blurs the lines between a hand-crafted work of art and a functional pendant. We always say that we cannot design better than nature, and the beautiful natural wood grain is another aspect of the design that feels equal parts raw and refined.

LUTRON Native by Design™

Shared vision, exceptional results. Native by Design merges Lutron's intelligent lighting and technology with world-class design partners to create experiences that neither could achieve alone.

Design spaces to look and feel better with quality light. Lutron Intelligent Lighting replicates the natural color of daylight, offers a broad range of color temperatures, and renders objects truthfully under a rich spectrum. It's a difference you can feel.
