

When reaching such a distance with a fixture, it is important that it feels visually efficient in its form but is still far from fragile, inviting one to linger under it. The adjustability in the reach and the height of the shade make it possible to custom fit the piece to its surroundings - an important characteristic for such a large piece.

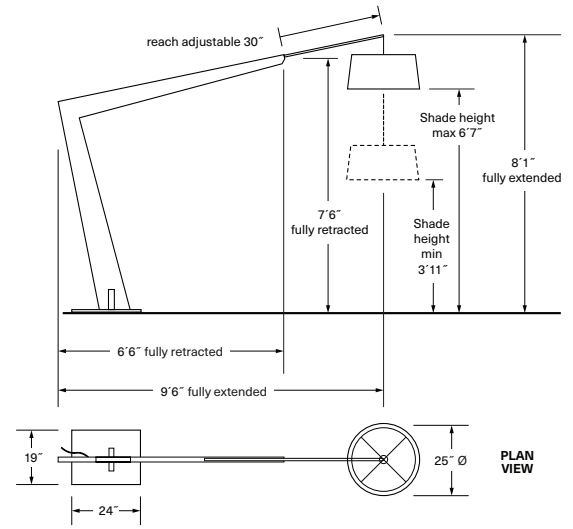

**LUTRON** Native by Design™

Shared vision, exceptional results. Native by Design merges Lutron's intelligent lighting and technology with world-class design partners to create experiences that neither could achieve alone.

Valeo with Lutron

floor lamp

Dimensions: 8'1" H max, 25" Ø shade
