Gearing Up for KBIS

MODULAR BATH DESIGN

The Diesel Misfits Bathroom is the bathroom version of the new collection by **Scavolini** in partnership with Diesel Living. Here, the shapes of the Misfits trolley and cupboard have been restyled to accommodate the washbasin. The collection is completed by the mirror, wall units and the system of dedicated shelves. The line, which is made in Italy, is available in a large number of configurations combining various materials and colors for doors, tops, profiles and glass. scavoliniusa.com

HANDCRAFTED TILE

Motawi Tileworks (The Tileworks) has released 4" x 12" Eucalyptus, a ceramic homage to the eucalyptus tree based on the art of Yoshiko Yamamoto. Yamamoto's woodblock and letterpress prints are a recurring source of inspiration for Nawal Motawi, owner and artistic director of The Tileworks. motawi.com

LINEAR WOOD PENDANT

Available in two sizes, **Cerno's** Una light fixture is a clean and minimalist yet highly functional linear pendant that provides ample lighting through recessed sources for both downlight and indirect uplight. The fixture's straightforward design showcases the natural beauty of its solid wood construction, while the light source accentuates the simple linear form, notes the firm. cernogroup.com

INDUSTRIAL CHANDELIERS

Buster + Punch has released a bespoke chandelier range as an expansion of its Heavy Metal and Exhaust pendant lights. The chandeliers are fully customizable using the brand's new online configurator. Two constellations of the chandelier are available - one classic, the other a raindrop cascade arrangement. The Heavy Metal chandelier is powered by the firm's exposed LED Buster Bulbs creating an ambient glow, while Exhaust is inspired by motorcycle exhaust pipes, with a solid metal baffle that diffuses a more directional light. busterandpunch.com

LINEN-LOOK PORCELAIN TILE

Atlas Concorde USA has expanded its most popular porcelain tile collection, Fray, which showcases the aesthetic of timeworn linen fabric immersed in chalk. As part of the expansion, Fray tiles are now offered in an extended palette of neutral tones ranging from ivory and taupe to tobacco and black. An expanded color collection of white, gray and black features graphics to mimic a metallic shimmering effect on a matte finish. atlasconcordeusa.com

MARBLE-LOOK FINISHES

Hastings Tile & Bath, the importers and distributors of European bath furniture and fixtures including the VOLA brand, has added four marble-like finishes to its Artisan Ceramic

Collection of sinks and vanities: Matte Black, Glossy Black, Matte White and Glossy White. Handcrafted in Italy, the ceramic vessel, wall-hung and pedestal sinks feature patterns and marble veining that are hand applied onto the ceramic before it's baked and glazed, which makes them resistant to scratches or chips. | hastingstilebath.com

MODULAR BATH ACCESSORIES

Elementa, **Ritmonio's** new collection of bath accessories, consists of modules of various sizes and lengths that can be assembled together according to taste or functional needs. For example, the hangers for the bathrobe can be combined with the rods to become towel holders. The pieces are available in 19 finishes and different materials, including stainless steel and acrylic stone. ritmonio.it

TOWEL WARMER FINISHES

To accommodate the growing demand for modern finishes, **Amba Products** has introduced two new color options to its Solo and Radiant towel warming lines. The Solo freestanding models are now available in matte black, while select models in the Radiant Hardwired Straight and the Radiant Small are now offered in polished gold. The introduction of the new colors expands the company's offering to include nine stocked finishes. ambaproducts.com

WASHBASIN VANITY UNIT

Devon&Devon's Season Vanity is a washbasin vanity unit with integrated dressing table, including four drawers and a pull-out velvet top. The unit is offered in a wide range of colors, and can be specified in over 500 colors from the NCS range. The marble top is offered in six variations - Calacatta Borghini, Crema Extra, Botticino Fiorito, Bianco Carrara, Nero Marquina and Bianco Afyon - with other custom options available. The ceramic York basin can be specified in white or black, while the brass knobs come in chrome, light gold, polished nickel or bronze. devon-devon.com
