MAKING THE CASE FOR BETTER LIVING

WINTER/SPRING 2020

DESIGNER CLARA BULFONI of San Francisco's Geddes Ulinskas Architects maximized a small bathroom with a freestanding 41-inch round Siglo Japanese soaking tub wrapped with a custom "skirt" or "inverted barrel" of L-shaped walnut wood slats attached to white painted rubber belts. It is complemented with plaster walls by Bay Area firm TBC Plaster, Zellige tiles from Marin's Clé, a Spokes pendant light from Foscarini and shower and faucets by Kohler. ularch.com; tbcplaster.com; cletile.com
