

Adesse, walnut, semigloss black, brass metal accents

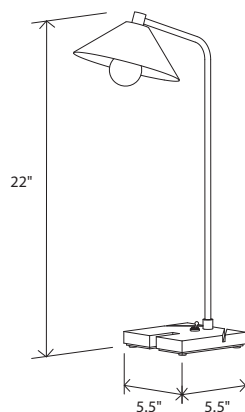

Adesse details

Adesse details

Cerno's Adesse desk/table lamp exemplifies purpose-driven analog design. The solid brass toggle is a nod to the past. The two slits can hold a charging cord and the large cutout is for your phone or tablet. The design is absent of technology yet able to accommodate it. The solid walnut base, black metal shade, and brass components celebrate Cerno's use of quality materials.
