

Camur, walnut

Light and delicate, subtly unique while simple, the camur must be experienced to really be appreciated. The gentle curve appears from the bottom just the same as it does from the side: but the perspectives found between the two intrigue.

The true beauty of the Camur is difficult to appreciate in print. When experiencing this fixture in person you begin to see the subtlety and grace of its vertical and horizontal movements. As you walk around this fixture the shape will morph from a beautiful curve to a straight line.
